

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how tedious it will really be to clean up your very own house after having a big party, with out aid from cleaning machines. In the past, when carpets and upholstery had the dust beat out of them by hand; brushes, brooms and cleaning cloths were the best cleaning supplies during that time.

The man who established Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who really liked to work on electrical motors. After founding his company in the year 1906, he began to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's vision from the start was to have a global company selling products internationally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning industry. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single individual. This invention came in a time where other cleaning equipment were massive and needed at least 4 operators, hence, the Nilfisk C1 changed everything and evolved the way we clean forever. The genius behind these very first cleaning equipment remains unparalleled. Cleaning equipment offer an excellent solution to an existing dilemma; stuff get filthy and should be cleaned regularly, without too much effort.

Slowly but steadily, Nilfisk-Advance developed through the decades. During the 1980s, this expansion actually occurred the time the company became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap ahead within the industry, trying to be amongst the biggest universal players in the market of professional cleaning machines. Nilfisk-Advance is now found in every part of the world by gradually acquiring numerous small businesses to be able to grow their product range and presence in new markets. They are proud to offer a variety of cleaning solutions to fit each and every need.
